CEDA Maps, a.s.,
Jihlavská 1558/21,
140 00 Praha 4,
Czech Republic

April 25, 2019

Dear Sir,

This letter is to inform you that the Location Table for Czech Republic:

Country code	2
Location table number	25
Version	8.0
Table type	Private
Checksum	a6d7ba145cb540d3851bae35fb247a1f

that you submitted on 19 March 2019 for verification and certification, has passed the compliance test, which is based on the test requirements described in the latest version of the document "TMC location table test requirements" of TISA. This means that the table is (as a minimum) largely compliant with the current version of the standard, ISO 14819 part 3 - Location Referencing Rules, and the latest version of the Location Coding Handbook of the TMC Forum, and is considered to be satisfactory for use in TMC applications.

Your table has obtained Certificate number 2019-037-CZ and will be included in the register of certified location tables kept by TISA, and available at the TISA website. Verification of this location table has been duly carried out according to the latest version of the Location Table Certification Procedure of TISA. This means that the location table is checked for an established set of test requirements that can be checked in a semi-automated or automated way but it does not confer any guarantee that the table is free of errors.

TISA is not liable for any incidental, special or consequential damages arising from the use of or inability to use this certified location table, whether in transmission, reception equipment, data products or otherwise.

The checksum is also published on the TISA website.

Signed on behalf of the Traveller Information Services Association Steering Board,

Thomas Kusche-Knežević

TISA President
